

# Annapolis Basin Theatre

## 588 Seat Occupancy

### Planning entertainment?

The Annapolis Basin Theatre is equipped with the latest audio visual presentation equipment.

Our high output Christie digital projector and 20'x20' motorized screen ensures your message is seen by everyone in our 588 seat facility.

Complementing the video is our computer controlled JBL sound system with multiple microphone options including lectern and wireless microphones.

Convenient patch points are located on stage for singles and duo. (Additional patching is available for larger acts.)

Our Leviton lighting system (catwalk access available for FOH aiming) ensures that you will be seen from every angle.
